

Skate Jobs

Get paid to teach what you love.

Hiring now for the winter skate season

We're looking for individuals with good skating ability for the winter skate season.

Paid training will be provided to build and improve skills. We will train you to be an instructor, if required. Not all Skate jobs require lacing up and getting on the ice.

Many of the skills learned in Skate jobs are transferrable to other roles.

We offer a variety of Leisure and Instructional Skating programs – Instructional Skate, Leisure Skate, Hockey, Figure Skate, Sledge Hockey and Shinny Hockey at both indoor arenas and outdoor rinks. Scarborough offers year-round skating at two rinks.

We operate 42 indoor arenas and 54 outdoor artificial ice rinks across the city.

With a City of Toronto skate job, you can do what you love, support your communities and be a part of awesome Skate teams.
